Together we can make our homes and streets safer!

In 2013, Elizabeth Freeman Center served 4,722 women, children and men from all over Berkshire County.

Between 2008 and 2012, our rate of restraining orders has steadily dropped from 40% higher than the state average to 28%. We are getting to people sooner and better - but we still have much more work to do!

Working together, we are making a difference!
